

USB SFP Ethernet Adaptor FiberGecko 100

- SFP-slot for 100BaseX Modules
- 100 mbps full duplex
- USB 2.0 and 1.1 compatible
- Bus-powered up to 500 mA
- USB-plug-and-play
- Windows 2000/XP/Vista, Linux Drivers included

The Ethernet Adaptor FiberGecko100 extended PC's or notebooks with an optical network interface. It replaces conventional media converters and allows to setup EMI-secure data connections over a distance up to 10km.

Applications

- EMI-secure and galvanic isolated data transmission
- Industrial Ethernet-Networks
- Test- and installation of fiber optic connections
- Measurement and testing technology
- Terminals and controllers
